1 Glossary

Adjustments Budgets – Prescribed in section 28 of the Municipal Finance Management Act. It is the formal means by which a municipality may revise its budget during a financial year.

Allocations – Money received from Provincial or National Government or other municipalities.

AFS – Annual Financial Statements

Budget – The financial plan of a municipality.

Budget related policy – Policy of a municipality affecting or affected by the budget.

Capital Expenditure – Spending on municipal assets such as land, buildings, distribution networks, treatment plants and vehicles. Any capital expenditure must be reflected as an asset on a municipality's balance sheet.

Cash Flow Statement – A statement showing when actual cash will be received and spent by the Municipality, and the month end balances of cash and short term investments. Cash receipts and payments do not always coincide with budgeted income and expenditure timings. For example, when an invoice is received by the Municipality it is shown as expenditure in the month that the services or goods are received, even though it may not be paid in the same period.

CFO – Chief Financial Officer / Director: Finance

DORA – Division of Revenue Act. An annual piece of legislation indicating the allocations from National Government to Local Government.

Equitable Share – A general grant paid to municipalities. It is predominantly targeted to assist with free basic services.

Fruitless and wasteful expenditure – Expenditure that was made in vain and would have been avoided had reasonable care been exercised.

GDFI - Gross Domestic Fixed Investment

GFS – Government Finance Statistics. An internationally recognised classification system that facilitates comparisons between municipalities.

GRAP – Generally Recognized Accounting Practice. The new standard for municipal accounting and basis upon which AFS are prepared.

IDP – Integrated Development Plan. The main strategic planning document of a municipality.

KPI's – Key Performance Indicators. Measures of service output and/or outcome.

MFMA – Municipal Finance Management Act (No 53 of 2003). The principle piece of legislation relating to municipal financial management.

MIG – Municipal Infrastructure Grant

Glossary (Continued)

MPRA – Municipal Property Rates Act (No 6 of 2004) as amended.

MTREF – Medium Term Revenue and Expenditure Framework as prescribed by the MFMA sets out indicative revenue and projected expenditure for the budget year plus two outer financial years to determine the affordability level. Also includes details of the previous three years and current years' financial position.

NT – National Treasury

Net Assets – Net assets are the residual interest in the assets of the entity after deducting all its liabilities. This means the net assets of the municipality equates to the "net wealth" of the municipality, after all assets were sold/recovered and all liabilities paid. Transactions which do not meet the definition of Revenue or Expenses, such as increases in values of Property, Plant and Equipment where there is no inflow or outflow of resources are accounted for in Net Assets.

Operating Expenditure – Spending on the day to day expenses of a municipality such as general expenses, salaries & wages and repairs & maintenance.

Rates – Local Government tax based on assessed valuation of a property. To determine the rates payable, the assessed rateable value is multiplied by the rate in the rand.

RBIG – Regional Bulk Infrastructure Grant

R&M – Repairs and maintenance on property, plant and equipment.

SCM – Supply Chain Management.

SDBIP – Service Delivery and Budget Implementation Plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.

Strategic Objectives – The main priorities of a municipality as set out in the IDP Budgeted spending must contribute towards achievement of these strategic objectives.

TMA – Total Municipal Account

Unauthorised expenditure – Generally, spending without, or in excess of, an approved budget.

Virement – A transfer of budget.

Virement Policy - The policy that sets out the rules for budget transfers. Virements are normally allowed within a vote. Transfers between votes must be agreed by Council through an Adjustments Budget.

Vote – One of the main segments into which a budget is divided, usually at department level.

WM – Witzenberg Municipality

2 Mayors Report

Speaker
Aldermen
Deputy Executive Mayor
Members of the Mayoral Committee
Councillors
Representatives of Provincial Government
Municipal Manager
Directors and officials

It is my privilege to present to you the budget for the 2017 / 2018 financial year as well as the 2018 / 2019 to 2019 / 2020 medium term revenue and expenditure framework.

It remains a challenge to raise sufficient funds for improved service delivery while tariffs must still be affordable to the community. Debt collection needs to improve to make more funds available for capital expenditure on basic service and the needed maintenance of the municipalities' assets. Unaffordable tariffs charged to consumers results in more bad debts for the municipality.

The municipality cash and cash equivalents is only sufficient to cover expenditure for about 3 months. A balance must be found between improving the available cash and cash equivalents and spending money on service delivery.

The capital budget

The capital budget for the next financial year amounts to R 91.5 million of which only R 20.1 million is from own revenue. The rest of the capital budget is financed from Grants (R 68.4 million) and external loans (R 3.0 million).

The capital budget for the medium term amounts to R 209.7 million of which only R 61.2 million is from own revenue. The rest of the capital budget is financed from Grants (R 145.5 million) and external loans (R 3.0 million).

As can be seen from the aforementioned, the municipality is too reliant on Grants to fund its capital expenditure. That said we are thankful for the Grants allocated to Witzenberg Municipality.

The bulk of the proposed capital expenditure is in respect of housing delivery and infrastructure expansion to support the housing delivery. It is a concern that almost all the grant funding is utilised to finance bulk services for housing projects. The provision of housing is a provincial function and it is believed that the provincial housing department must finance the bulk infrastructure as well. More of the residents need to benefit from the capital grants received from national government

The capital budget for medium term revenue and expenditure framework can be summarized as follows:

The operating budget

The operating revenue budget for next year amounts to R 626 million of which R 460 million is from own revenue. The rest of the operating budget is financed from Grants.

The operating revenue budget for the medium term amounts to R 1 952 million of which R 1 463 million is from own revenue. The rest of the operating budget is financed from Grants.

The operating budget for medium term revenue and expenditure framework can be summarized as follows:

Tariff implications of the annual budget

Electricity:

The revenue from both the non-domestic tariff and the domestic tariff will increase by an average 2.0%, in line with the actual bulk cost increase to Council which is 0.3%.

Water:

The water consumption tariff increase will be $\pm 8\%$. No increase is proposed for basic charges. The water tariffs for prepaid meters have been recalculated to make prepaid water meters more acceptable for the community.

Rates:

The increase of Property Rates Revenue will be 8%.

Sanitation:

The increase of Sanitation Tariffs will be 6%.

Refuse removal:

The average tariff increase for Refuse Removal Tariffs will be 6%.

Tabling:

Honourable Speaker, I hereby table the following documents to council in order to allow for the required public participation processes:

1. The Budget for the 2017 / 2018 financial year as well as the 2018 / 2019 to 2019 / 2020 medium term revenue and expenditure framework.
2. The budget related policies.
3. The Integrated Development Plan review for the 2017 / 2018 financial year.
4. The Service Delivery and Budget Implementation Plan for the 2017 / 2018 financial year.

COUNCILLOR B KLAASEN
EXECUTIVE MAYOR

- [g]. That the new Property Rates By-Law be approved.
- [h]. That the reviewed Integrated Development Plan be approved.

4 Executive Summary

Economic outlook

The economic outlook remains unsteady due to the negative cost effects of the declining value of the Rand, but it supports exporters. The negative effects of the drought will impact negatively on the municipality as the large consumers' uses fewer services and less people are employed, and for shorter periods.

Eskom's policy to subsidise alternative energy for bulk consumers have a negative effect on the revenue of both the Witzenberg municipality and Eskom itself. The maximum demand by the mentioned consumers is in summer when the maximum demand for the country is at its lowest; therefore Eskom should not experience any problems in meeting the demands. Less electricity sales will result in less money available to finance service delivery. The high cost of electricity and the limited supply remains a concern as it hamper economic growth. Load shedding is also not helping.

We know that job creation is a priority and that the climate must be created to attract investments to the Witzenberg municipal area. The rebate policy for new investments must be advertised more aggressively. The municipality itself cannot create internal job opportunities as it will lead to increased tariffs and more outstanding debt in respect of service charges.

Past performance

Witzenberg Municipality has now attained four unqualified and four clean audit reports for the last eight financial years. Whilst the reports are very positive achievements one has to be honest and say that it tells the reader little about whether we have improved service delivery or even delivered on our constitutional mandate. What they do say is that the Council is reasonably honest in its operations to tax and spend on behalf of the local population.

Budget Summary

The Municipality's 2017 / 2018 budget amounts to R 676 million, represented by a Capital Budget of R 92 million and an Operating Budget of R 584 million.

The total 2017 / 2018 budget (operating and capital) will be financed from own income R 460 million, Government Grants R 165 million and an external loan of R 3.0 million.

The Municipality's medium term budget amounts to R 2 080 million, represented by a Capital Budget of R 210 million and an Operating Budget of R 1 870 million.

The total medium term budget (operating and capital) will be financed from own income R 1 462 million, Government Grants R 489 million and an external loan of R 3.0 million.

Revenue / tariff increases

- The increase of Property Rates Revenue will be $\pm 8\%$.
-
- The increase of Water consumption Tariffs will be $\pm 8\%$. The basic charges will not increase.

- The increase of Sanitation Tariffs will be 6%.
- The average tariff increase for Refuse Removal Tariffs will be 6%.
- The tariff increase for Electricity Tariffs will be 2% on average.

Expenditure category increases

The budgeted increase in expenditure categories are as follows:

Employee related costs	28.14%
Remuneration of councillors	1.72%
Debt impairment	4.64%
Depreciation & asset impairment	7.88%
Finance charges	0.63%
Bulk purchases	31.35%
Contracted services	6.63%
Transfers and grants	1.95%
Operational Cost	5.73%
Inventory Consumed	3.31%
Operating Leases	0.30%
Departmental Charges	7.73%

The increase in salary expenditure results from an expected 7.36% increase in salaries as negotiated at the bargaining council as well as the notch increase for qualifying employees.

The increase in bulk purchases is to cover the 0.31% increases in Eskom tariffs as well as the expected grow in demand.

The budgeted decrease in finance charges is a direct result of the redemption of annuity loans.

The financing of capital expenditure from own funds (CRR) totals R 20.1 million. This amount represents an increase to originally planned values and is earmarked to address specific infrastructural capital investment aligned to IDP focus areas. This level is considered to be affordable over the MTREF 3-year period.

Capital investment funding from Capital Grants represents a significant portion (75%) of the Municipality's Capital Budget in 2017 / 2018 and consist mainly of the Provincial Housing Grant the Municipal Infrastructure Grant (MIG) and the Regional Bulk Infrastructure Grant (RBIG).

The 2017 / 2018 Budget was compiled in terms of the Municipal Budget and Reporting Regulations and a phased-in process will be followed to include all information regarding the tables and supporting documentation.

Financial position and MTREF strategy

The financial position of Witzenberg Municipality is set out in Table A6: Budgeted Financial Position.

Integrated Development Plan & Priorities

The Strategic priorities as per the IDP I is available in Supporting Table SA4 Reconciliation of IDP strategic objectives and budget (revenue), Supporting Table SA5 Reconciliation of IDP strategic objectives and budget (operating expenditure) and Supporting Table SA6 Reconciliation of IDP strategic objectives and budget (capital expenditure).

Effect of the annual budget

The annual budget for 2017 / 2018 to 2019 / 2020 is disclosed in detail in 'Section 4: Annual budget tables' and in 'Annexure 2: Supporting budget tables'. Each of the summarised sections below is discussed in more detail later in this document.

The National, Provincial and District Context

The Municipality's budget must be seen within the context of the policies and financial priorities of National and Provincial Government as well as the district municipality. In essence, the spheres of Government are partners in meeting the service delivery challenges faced in Witzenberg Municipality. The Municipality alone cannot meet these challenges and we require support from the other spheres of Government through the direct and indirect allocation of resources as well as the achievement of their own policies.

The following table shows the allocations to Witzenberg Municipality as set out in the National Division of Revenue Act 1 of 2016 in the MTEF period:

6 Overview of the Budget Process

6.1 Political oversight of the budget process

Section 53 (1) of the MFMA stipulates that the mayor of a municipality must provide general political guidance over the budget process and the priorities that guide the preparation of the budget.

Section 21(1) of the MFMA states that the Mayor of a municipality must coordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget-related policies to ensure that the tabled budget and any revisions of the integrated development plan and budget-related policies are mutually consistent and credible.

Furthermore, this section also states that the Mayor must at least 10 months before the start of the budget year, table in municipal council, a time schedule outlining key deadlines for the preparation, tabling and approval of the annual budget.

This time schedule provides for political input from formal organizations such as portfolio Committees.

6.2. Schedule of Key Deadlines relating to budget and IDP process [MFMA s 21(1) (b)]

The IDP and Budget time schedule of the 2017 / 2018 budget cycle was adopted by Council during August 2016, 10 months before the start of the budget year in compliance with legislative directives.

The IDP and Budget Process Plan ensure that the role-players within the process are well prepared. All activities outlined within this document have been prepared in close inter-relation with the Framework that governs both the District and all local municipalities.

Public budget and IDP meetings will be held throughout Witzenberg and all members of the public are urged to attend.

6.3. Process used to integrate the review of the IDP and preparation of the Budget

Updating the IDP and Budget is an evolving and re-iterative process over a 10 month period. The initial parallel process commenced with the consultative process of the IDP in 2016 and the update of the MTREF to determine the affordability and sustainability framework at the same time.

6.4. Process for consultation with each group of stakeholders and outcomes

Following tabling of the draft budget in March 2017, local input will be solicited via notices published in all major newspapers, including The Cape Times, Die Burger and The Witzenberg Herald. The budget documentation will be available on the municipal website: witzenberg.gov.za

Comments on the IDP/Budget will be made by the public via verbal presentations, facsimiles, emails and in the form of correspondence to the municipality and will be considered for incorporation as part of the budget process.

6.5. Stakeholders involved in consultations

The tabled budget will be provided to National Treasury and Provincial Treasury in March/April 2016 for their consideration in line with S23 of the MFMA.

6.6. Process and media used to provide information on the Budget to the community

The Municipality's consultation process on its draft IDP and budget will be held during April 2016, where various community organizations and representatives may/will come forward to give input and to re-prioritize some of their needs.

Community representatives and organizations had to review the priorities given previously and to ascertain whether it has been captured as priorities during the 2017 / 2018 IDP/Budget process.

6.7. Methods employed to make the Budget document available (including websites)

In compliance with the Municipal Finance Management Act and the Municipal Systems Act with regards to the advertising of Budget Documents (including the Tariffs, Fees and Charges for 2017 / 2018), advertisements will be placed in The Cape Times, Die Burger and the community newspapers. The information relating to resolutions and budget documentation will be displayed at the notice boards in the municipal offices as well as libraries.

In compliance with S22 of the MFMA, the Budget documentation will be published on the municipality's website.

7 IDP Overview and Amendments

- **VISION**

A Municipality that cares for its community, creating growth and opportunities

- **MISSION**

The Witzenberg Municipality is committed to improve the quality of life of its community by:

- Providing and maintaining affordable services.
- Promoting Social and Economic Development
- The effective and efficient use of available resources
- Effective Stakeholder and Community participation

- **VALUE SYSTEM**

- Driven by the aspirations of our Community, we will respect and uphold the Constitution of the Republic of South Africa.
- We commit ourselves to the Code of Conduct for Councillors and officials in the Municipal Systems Act.
- We commit ourselves to the principles of sound financial management.

- **Alignment with Provincial and National Government**

Witzenberg Municipality's development plan needs to align with National and Provincial initiatives to ensure optimal impact from the combined efforts of government. In this regard there are six critical elements: Accelerated and Shared Growth-South Africa (ASGI-SA), National Spatial Development Perspective (NSDP), National Strategy for Sustainable Development (NSSD), Provincial Growth and Development Strategy (PGDS) and Provincial Spatial Development Framework (PSDF).

All these feed into and influence the Integrated Development Plan.

- **Witzenberg Municipality Budget Priorities (Key Performance areas)**

The Municipality's 2017 / 2018 to 2019 / 2020 integrated development plan focuses on four strategic focus areas. The concrete objectives for each strategic focus area have been outlined and elaborated on. These objectives will be used to further develop key performance indicators against which performance implementation monitoring and reporting will be done. The corporate scorecard outlines these indicators and targets.

The four focus areas are:

- Essential Services
- Governance
- Communal Services
- Socio-Economic Support Services

8 Measurable performance objectives and indicators

(a) KEY FINANCIAL INDICATORS AND RATIOS

Information regarding key financial indicators and ratios are provided on Supporting Table SA8.

(b) MEASURABLE PERFORMANCE OBJECTIVES

Information regarding revenue is provided as follows:

- Revenue for each vote - Table A3 Budgeted Financial Performance (revenue and expenditure by municipal vote)
- Revenue for each source - Table A4 Budgeted Financial Performance (revenue and expenditure)

The budget related policies were reviewed by management. The amendments recommended are explained below:

BUDGET POLICY

The aim of the policy is to set out the principles which the municipality will follow in preparing each medium term revenue and expenditure framework (budget) and the responsibilities of the mayor and officials.

No amendments are recommended.

TARIFF POLICY

The Municipal System Act requires Council to adopt a Tariff Policy. The general financial management functions covered in section 62 of the MFMA includes the implementation of a tariff

policy. Specific legislation applicable to each service has been taken into consideration when determining this policy.

It is recommended that the different factors for tariffs according to consumption be phased out and that clients will only be entitled to relief due to leakages per financial year.

PROPERTY RATES POLICY

A Rates Policy in accordance with Section 3 of the Municipal Property Rates Act (No 6 of 2004) as amended (MPRA) was approved by Council and updated on 15 June 2010.

The policy guides the annual setting of property rates.

It is recommended that provision be made for a rebate applicable to pensioners.

CREDIT CONTROL AND DEBT COLLECTION POLICY

This Policy has been formulated in terms of section 96 (b) and 98 of the Local Government: Municipal Systems Act, 2000 and the Credit Control and Debt Collection By-Law.

No amendments are recommended.

CASH MANAGEMENT AND INVESTMENT POLICY

The underlying cash is managed and invested in accordance with the Municipality's approved Cash Management and Investment Policy, which is aligned with National Treasury's municipal investment regulations dated 01 April 2005.

No amendments are recommended.

CONSUMER PAYMENT INCENTIVE POLICY

The purpose of the policy is to encourage residents of Witzenberg to pay for services and also to promote the culture of payment amongst its citizens.

Amendments recommended:

Amend the dates for debt to be parked to include debt incurred before 30 June 2014.

PETTY CASH POLICY

The policy provides for the cash purchases up to a transaction value of R 2 000.00

No amendments are recommended.

INDIGENT POLICY

The aim of the policy is to ensure a sound and sustainable manner to provide affordable basic services to the poor by means of assisting them financially within the legal framework of the powers and functions of the municipality in order to improve the livelihood, in an effort to create a prosperous municipality free of poverty.

It is recommended that the Municipal Manager can approve a household as indigent in exceptional circumstances.

BUDGET VIREMENT POLICY

National Treasury has advised municipalities to implement a virement policy to ensure that funds can be shifted for of operational requirements to ensure that service delivery is not hampered.

No amendments are recommended.

ASSET MANAGEMENT POLICY

The aim of the policy is to ensure that the assets of the municipality are properly managed and accounted for.

No amendments are recommended.

FUNDING AND RESERVE POLICY

In terms of section 8 of the Municipal Budget and Reporting Regulations each municipality must have a funding and reserves policy.

The policy aims to set standards and guidelines towards ensuring financial viability over both the short- and long term and includes funding as well as reserves requirements.

No amendments are recommended.

BORROWING POLICY

The policy aims to set out the objectives, statutory requirements as well as guidelines for the borrowing of funds.

No amendments are recommended.

CELLULAR TELEPHONE AND DATA CARD POLICY

The policy aims to curb the expenditure on cellular telephones by setting maximum expenditure levels and providing processes to approve and/or recover expenditure above the levels.

No amendments are recommended.

MUNICIPAL SUPPLY CHAIN MANAGEMENT POLICY

Section 111 of the MFMA requires each Municipality and municipal entity to adopt and implement a supply chain management policy, which gives effect to the requirements of the Act. The Municipality's Supply Chain Management Policy was approved by Council.

Amendments in terms of the amendments to Preferential Procurement Regulations are recommended. The Preferential Procurement Regulations came in effect from 1 April 2017.

LONG TERM FINANCIAL PLAN POLICY

The long term financial plan policy integrates the financial relationships of various revenue and expenditure streams to give effect to the Integrated Development Plan.

No amendments are recommended.

TRANSPORT- TRAVEL- AND SUBSISTENCE ALLOWANCE POLICY

This policy applies to all Councillors and employees of Witzenberg Municipality who are travelling on official business.

No amendments are recommended.

POST-EMPLOYMENT MEDICAL AID CONTRIBUTION POLICY

The purpose of this policy is to determine guidelines for the management of contributions to medical aids, post-employment and to determine whether an employee is entitled to the post-employment medical aid benefit.

It is recommended that the policy be adjusted to include the qualifying dependants of employees.

10 Overview of Budget Related By-Laws and Amendments

PROPERTY RATES BY-LAW

A new Property Rates By-Law is recommended in line with the adjustments to the Property Rates Act and recommendation by the Department of Cooperative Governance.

11 Overview of Budget Assumptions

Expenditure

Salaries and Allowances

It is assumed that salaries of employees and councillors will in terms of the National Bargain Council negotiations of salary increases for the following three years. The following was negotiated for 2017 / 2018namely:

Salary increase based on CPIX 5.0% plus 1.0% plus 2.5% notch increase for qualifying employees in terms of the national agreement reached between SALGA and the unions.

The Minister of Finance will approve increases of councillors during the 2017 / 2018financial year, and the increase will be implemented as from 1 July 2016.

General expenditure

It is assumed that costs for services will increase in line with the CPIX. The current oil price is a concern and it is expected that the fuel price hikes will have a substantial effect on expenditure. It is also assumed that the capital projects for 2017 / 2018 will be completed during the financial year as there were budgeted for the depreciation of such projects as per general recognized accounting practice (GRAP). Depreciation on new capital expenditure is calculated at a varying rate ranging between 3 and 100 years depending on the nature of the asset.

Repairs and Maintenance

It is assumed that municipal infrastructure and assets will be maintained as per previous years and that no major breakages will take place during the financial year.

Capital costs

It is assumed that interest rates will be stable during the financial year, but the provision for capital has not been decreased.

Bulk Purchases

It is assumed that electricity tariffs of Eskom will increase by 0.31% as from 1 July 2017, as approved by NERSA.

Income

Households

It is assumed that the total households in the municipal area (the tax base) will stay stable during the financial year. The new RDP houses to be built will be for the benefit of families residing in informal areas. The total number of households is thus not expected to increase. Care must be taken that the informal structures are removed as soon as the beneficiaries moved to the new houses.

Collection rate for municipal services

It is assumed that the collection rate (percentage of service charges recovered) for the financial year will be the same as the current payment rate.

In accordance with relevant legislation and national directives, the estimated revenue recovery rates are based on realistic and sustainable trends. The Municipality's collection rate is set at an average of 95%. Adequate provision is made for non-recovery. Whilst collection rates will vary between different services and be based on current trends, special provision was made to cater for roll-out of an extended indigent program.

Grants

It is assumed that the National and Provincial grants as per Division of Revenue Act (DORA) which has been included in the budget will be received during the 2017 / 2018 financial year.

Indigents

It is assumed that the number of indigents will not increase to more than 3 500 during the financial year due to the adjustments to the indigent policy approved during September 2011.

12 Overview of Budget Funding

Summary

The operating budget for will be financed as follows:

	2017 / 2018	2018 /2019	2019 / 2020
Charged for electricity, water, refuse and sewerage	302,714	324,507	340,764
Property Rates	64,827	70,002	73,502
Provincial and National Operating Grants	123,965	117,472	116,601
Sundry charges / Other	92,590	94,550	99,277
Total Operating Revenue excl. Capital Transfers	584,096	606,531	630,143

The capital budget for 2017 / 2018to 2019 / 2020 will be financed as follows:

	2017 / 2018	2018 /2019	2019 / 2020
	R'000	R'000	R'000
Own Funds (Capital Replacement Reserves)	20,123	20,212	20,909
Grants	68,379	32,328	44,698
Borrowing	3,000	0	0
Total Capital Budget	91,502	52,540	65,607

Reserves

All the reserves of the municipality are not cash funded. The process to accumulate sufficient funds is a long term process as tariff increases must be kept to a minimum, and service delivery must be continued.

Sustainability of municipality

The way that the budget is funded will ensure that the municipality will be sustainable on the short term. The full effect of huge increases in electricity tariffs may on the long run impact negatively on the sustainability of the municipality. This is a huge concern for the municipality and the municipality has no control over the increases approved by NERSA.

Impact on rates and tariffs

The way that the budget is funded will ensure that, except for electricity and refuse removal tariffs, service tariff increases will be $\pm 6\%$. Property rates tariffs will increase with $\pm 8\%$. The municipality has no control over the increases of electricity tariffs and the $\pm 0.31\%$ increase in electricity tariffs of Eskom; will have a positive impact on the local economy.

Property valuations, rates, tariffs and other charges

A General Valuation was done in terms of the Property Rates Act, (Act 6 of 2004) during the current financial year. The new property valuations were implemented from 1 July 2013.

The rates tariffs as well as tariffs for electricity, water, refuse, sewage together with the sundry tariffs are listed in Section B – Tariffs. The tariff increases are also indicated.

Collection Rate

Income levels for service charges and rates for the budget year were based on the following collection rates:

Rates	94.0%
Electricity	99.0%
Water	87.5%
Sanitation	89.0%
Refuse	88.0%

1. Note that this section of Table SA 30 is deliberately not linked to Table A4 because timing differences between the invoicing of clients and receiving the cash means that the cashflow will differ from budgeted revenue, and similarly for budgeted expenditure. However for the MTREF it is now directly linked to A7.

Introduction

This budget circular guides municipalities on the preparation of the 2017/18 Medium Term Revenue and Expenditure Framework (MTREF) and should be referenced to previous annual budget circulars. Among the objectives of this circular is to support municipalities with giving effect to National Treasury's Municipal Budget and Reporting Regulations (MBRR) within the current economic climate. The key focus of this circular is the implementation of municipal Standard Chart of Accounts (*mSCOA*) and addressing municipal revenue generation challenges.

1. The South African economy and inflation targets

The 2016 Medium Term Budget Policy Statement emphasised that the global recovery from the 2008 financial crisis remains precarious, with growth forecast at 3.1 per cent in 2016 and 3.4 per cent in 2017. In developed economies, the combination of weak economic growth, low or negative interest rates, and elevated asset prices has increased the likelihood of renewed financial volatility. Countries that are highly reliant on foreign savings, such as South Africa, will remain vulnerable to global financial volatility and rapid capital outflows. While global economic weakness plays a large role in South Africa's economic growth performance, domestic constraints stand in the way of investment, output and trade.

Domestic GDP growth for 2016 was forecasted at 0.9 per cent at the time of the 2016 Budget and it has since been revised to 0.5 per cent. It is anticipated that factors such as a more reliable electricity supply, improved labour relations, low inflation, a recovery in business and consumer confidence, stabilising commodity prices and stronger global growth will increase growth to 2.2 per cent by 2019. Furthermore, the country has experienced a decline in mining growth and weakened agricultural outputs as a result of the drought while growth in transport and telecommunications, electricity, gas and water have declined because of weakened demand.

In the 12 months to June 2016, employment fell by 112 000 jobs although employment growth was achieved in most larger urban municipalities. In the context of an unfavourable economic and investment climate, the unemployment rate increased from 25 per cent to 26.6 per cent. According to the June 2016 Quarterly Employment Statistics, all sectors, with the exception of construction, shed jobs in the second quarter of 2016. A turnaround of these bleak unemployment statistics will require higher economic growth and renewed private-sector investment.

These economic challenges will continue to pressurise municipal revenue generation and collection hence a conservative approach is advised for projecting revenue. Municipalities will have to improve their efforts to limit non-priority spending and to implement stringent cost-containment measures.

The following macro-economic forecasts must be considered when preparing the 2017/18 MTREF municipal budgets.

Table 1: Macroeconomic performance and projections, 2015 - 2019

Fiscal year	2015/16	2016/17	2017/18	2018/19	2019/20
	Actual	Estimate	Forecast		
CPI Inflation	4.6%	6.4%	6.1%	5.9%	5.8%

Note: the fiscal year referred to is the national fiscal year (April to March) which is more closely aligned to the municipal fiscal year (July to June) than the calendar year inflation.

2. Key focus areas for the 2017/18 budget process

2.1 Local government conditional grants and additional allocations

The *2016 Medium Term Budget Policy Statement* indicates that for the 2017 MTEF period, transfers to local government total R366.3 billion, of which 61.8 per cent is transferred as unconditional allocations while the remainder is conditional grants. National funding to local government has increased to R112.5 billion or 9.1 per cent of the national revenue for 2017/18 and is expected to increase to R132.3 billion by 2019/20.

The purpose of conditional grants is to deliver on national government service delivery priorities. It is imperative that municipalities understand and comply with the conditions stipulated in the Division of Revenue Act (DoRA) in order to access this funding. The equitable share and the sharing of the general fuel levy constitute additional unconditional funding, of which the equitable share is designed to fund the provision of free basic services to disadvantaged communities.

Municipalities are advised to use the indicative numbers presented in the 2016 Division of Revenue Act to compile their 2017/18 MTREF. In terms of the outer year allocations (2019/20 financial year), it is proposed that municipalities conservatively limit funding allocations to the indicative numbers as proposed in the 2016 Division of Revenue Act for 2017/18. The DoRA is available at <http://ntintranet/legislation/acts/2016/Default.aspx>

It is imperative that municipalities reflect all their grant allocations in accordance with the Division of Revenue Bill to be published in February 2017 after the budget speech by the Minister of Finance, and plan effectively to utilise these allocations appropriately so that requests for roll-overs of conditional grants are avoided.

Changes to local government allocations

- The *local government equitable share* will grow at an average annual rate of above 9 per cent over the MTEF, this is as a result of funds that will be added in 2018/19 and 2019/20 to offset the cost pressures of water and electricity purchases which continue to grow faster than inflation. The local government equitable share formula will also be updated with the 2016 Community Survey data.
- Four local government conditional grants, namely, the *public transport network grant*, the *water services infrastructure grant*, the *municipal infrastructure grant* and the *urban settlements development grant* will be reduced to avail resources for fiscal consolidation and the funding of urgent priorities. In spite of the decreased allocations each of these grants will grow by at least 5 per cent annually over the 2017 MTEF period.
- Funds reprioritised out of:
 - the *expanded public works programme integrated grant* to municipalities to fund the expanded mandate of the Commission for Conciliation, Mediation and Arbitration (as the commission will be providing its services to additional sectors);
 - the indirect *integrated national electrification programme (Eskom) grant*, mainly to fund the management of nuclear waste; and
 - the indirect *regional bulk infrastructure grant* of which small amounts will be utilised to augment funding for water catchment management agencies in the two outer years of the MTEF.

- An additional R50.6 million will be added to the indirect *water services infrastructure grant* to fund the provision of emergency water supplies to drought-affected communities.

Reforms to local government fiscal framework

The National Treasury continues to lead a review of the local government infrastructure conditional grants. The merger of several conditional grants and the trend towards greater grant consolidation over the MTEF are among the outcomes of this review process.

Proposed reforms commencing from 2017 include:

- The introduction of performance incentives for urban infrastructure grants, as well as a new dispensation for large cities other than the metros, that better respond to built-environment challenges and growth opportunities;
- The refinement of grant allocation rules to encourage budgeting for routine maintenance. This will complement changes that are already in place to permit grants to fund the refurbishment of infrastructure; and
- Introducing greater differentiation between urban and rural areas. Secondary cities in particular will see changes to their planning requirements.

A shift of funds from the *integrated national electrification programme (municipal) grant* for projects in metropolitan municipalities to the *urban settlements development grant* in 2017/18 is still being discussed with the relevant departments. This shift is likely to improve the coordination of the delivery of electrical infrastructure with other basic services and make the co-funding of projects easier.

2.2 Municipal Standard Chart of Accounts (mSCOA)¹

The *mSCOA* Regulations apply to all municipalities and municipal entities with effect from 1 July 2017. This means that the compilation of the 2017/18 Medium-Term Budget and Expenditure Framework (MTREF) must be compliant with the *mSCOA* classification framework.

It is imperative that municipalities are familiar with the addendum to MFMA Circular No. 80 which describes what constitutes *mSCOA* compliance by 1 July 2017.

In summary, compliance to *mSCOA* by 1 July 2017 requires that municipalities have the following in place:

- Systems-Integrated Integrated Development Plan (IDP);
- Systems-Integrated budget module; and
- Systems that enable transacting across the seven segments of *mSCOA* with subsystems seamlessly integrating to the core system.

All the tabled 2017/18 MTREF budgets and the IDP submissions will be assessed in March 2017 for *mSCOA* compliance. National Treasury has a dedicated website to support municipalities with their *mSCOA* readiness efforts.

For more information on *mSCOA* and other benefits of the reform, visit: <http://mfma.treasury.gov.za/RegulationsandGazettes/MunicipalRegulationsOnAStandardChartOfAccountsFinal/Pages/default.aspx>

¹ The Minister of Finance promulgated the Municipal Regulations on a Standard Chart of Accounts in government gazette Notice No. 37577 on 22 April 2014.

2.3 Reporting indicators

The National Treasury is finalising the process of rationalising the built environment reporting regime for the eight metropolitan municipalities with an aim to reduce the reporting burden, whilst also creating a set of indicators that will enable government to monitor progress on the integrated and functional outcomes. Significant progress has been made with the introduction of integrated outcomes indicators, whilst rigorous consultation is underway to rationalise the inputs, activities and output indicators.

The metropolitan integrated outcome indicators are linked to the Built Environment Performance Plans (BEPPs) and therefore the Integrated City Development Grant (ICDG); whereas the inputs, activities and process indicators are linked directly to *mSCOA*. Outputs indicators are linked directly to the Service Delivery Budget Implementation Plan (SDBIP). When finalised, these indicators will assist the process of standardising the SDBIP, a significant streamlining of reporting requirements to national government.

For metropolitan municipalities, the Urban Settlement Development Grant (USDG) performance matrix remains a framework of presenting the targets and baselines for the built environment as currently adopted budget in the 2015/16 financial year. However, the finalisation of the rationalisation process will replace the performance matrix. The indicators agreed upon through the rationalisation process to achieve functional outcomes and key outputs will be incorporated into the new standardised SDBIP template process. The integrated outcomes indicators were finalised as part of the BEPPs annual process whilst the work on the functional outcomes and functional output indicators is being finalised for the next budget cycle. These reforms will progressively be extended to non-metropolitan municipalities over the medium term.

3. Development of Integrated Development Plan (IDP)

Municipalities are in the process of developing their next 5 year IDPs which is an opportunity to re-assess the long term development vision in the context of key global and national policies and priorities including the Sustainable Development Goals, the National Development Plan, Integrated Urban Development Framework and the Back-to-Basics Programme. IDPs should reflect catalytic programmes and projects to be implemented by national and provincial government as well as State Owned Entities within their municipal boundaries and illustrate how these are aligned to the municipal development agenda. These include but are not limited to:

- Strategic Infrastructure Projects (SIPs);
- Special Economic Zones (SEZs);
- Agri-parks; and
- Catalytic housing projects.

The Municipal Systems Act, 2000 (Act No. 32 of 2000) provides that municipalities should undertake an integrated development planning process that integrates all sectors' strategies, programmes and projects to promote integrated development in communities. Municipal planning must be more strategic and cross-sectoral (integrated), and the IDP as the key planning tool, must be used to deliver this strategic and cross-sectoral planning vision at a local level.

It is however, acknowledged that some municipalities have already developed their sector plans. In order to ensure that integrated development is realised, municipalities are advised to, as part of the IDP development process, review these plans to ensure that they are in line with key national and provincial government policies and programmes.

Municipalities must also ensure that there is closer alignment of the planning instruments and budgets as well as mechanisms for monitoring progress and performance. Both the *mSCOA* and reporting reforms provide essential tools to strengthen coordination and oversight in this respect.

Metropolitan municipalities have already made progress in aligning their planning instruments with the budget through the BEPPs. The guidelines on the preparation of the BEPPs clearly articulate the relationship between the Municipal Spatial Development Framework (MSDF) and the IDP.

All municipalities are encouraged to refer to the 2017/18 BEPPs guidelines available on National Treasury's website at:
http://mfma.treasury.gov.za/Documents/Forms/AllItems.aspx?RootFolder=%2fDocuments%2f02%2e%20Built%20Environment%20Performance%20Plans%2f2017-18%2f1%2e%20BEPP%20Guidelines%202017_18&FolderCTID=&View=%7b84CA1A01-

4. The revenue budget

National Treasury encourages municipalities to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality. The Consumer Price Index (CPI) inflation has however breached the upper limit of the 3 to 6 per cent target band; therefore municipalities are now required to ***justify all increases in excess of the 6.1 per cent*** projected inflation target in their budget narratives, and pay careful attention to the differential incidence of tariff increases across all consumer groups.

4.1 Maximising the revenue generation of the municipal revenue base

Municipalities must make a greater effort to integrate the work of their Town Planning and Valuations functions. This will ensure that every new property development, improvements to existing properties and changes to property usage and other such influences are correctly processed and filtered to the billing system. This will enable timeous and accurate updating of municipal accounts. The completeness, correctness and validity of the General Valuation Roll and supplementary valuations as well as resolving any objections to property values within the prescriptions of the Municipal Property Rates Act, 2004 (Act No.6 of 2004), are fundamental to protecting and growing the municipal revenue base.

In addition, the necessary reconciliations must be in place to ensure that the correct tariffs are applied for property rates and all trading services, that the correct accountholders are billed and that the municipal accounts are reaching the customers who are responsible for payment. These are among the minimum requirements of creating a *“positive and reciprocal relationship between persons liable for making payment to the municipality and the municipality or service provider”* as per section 95 of the Municipal Systems Act, 2000 (Act No. 32 of 2000).

When municipalities fail to achieve these minimum legally prescribed requirements there is a greater risk of burdening customers with higher tariff increases to compensate for operational inefficiencies.

It is therefore necessary for municipalities to ensure that their tariffs are adequate to, at the minimum, cover the costs of bulk services and also to ensure that all properties are correctly billed for property rates and all services rendered.

4.2 Eskom bulk tariff increases

In terms of the Multi-Year Price Determination (MYPD) for Eskom's tariffs approved by the National Energy Regulator of South Africa (NERSA), a tariff increase of 8 per cent has been approved for the 2017/18 financial year.

Municipalities are urged to examine the cost structure of providing electricity services and to apply to NERSA for electricity tariff increases that reflect the total cost of providing the service so that they work towards achieving fully cost-reflective tariffs that will help them achieve financial sustainability. Municipalities in arrears with Eskom should ensure that their payment arrangements are effected in their 2017/18 MTREF budget.

4.3 Water and sanitation tariff increases

The 2015 Municipal Services Strategic Assessment report (MuSSA) issued by the Department of Water and Sanitation shows that the majority of municipal Water Service Authorities (WSAs) are operating their water services at a loss. This performance is as a result of, amongst others, implementation of tariffs that are not cost-reflective and unsubstantiated institutional arrangements between districts (WSAs) and local municipalities. It is problematic that there are no clear responsibilities with respect to bulk purchases, billings and collections, the allocation of revenue collected and maintenance of water infrastructure between the districts and their local municipalities.

Municipalities must improve revenue generation from this service through better financial management, demand management, maintenance and meter reading as it will enable payment of creditors such as water boards. This baseline information is critical to tariff setting and budget compilation. Municipalities in arrears with water boards should ensure that their payment arrangements are effected in their 2017/18 MTREF budget.

The previous MFMA budget Circular No. 78 advised municipalities that had historically set tariffs too low to facilitate cost recovery, to develop a pricing strategy to phase-in the necessary tariff increases in a manner that distributes the impact on consumers over a period of time. The introduction of *m*SCOA provides for a costing segment which, when correctly utilised, will assist municipalities to determine the full cost of rendering trading services such as water and electricity.

In light of the current drought experienced across large parts of the country, water is now a scarce resource that must be conserved. Municipalities must put in place appropriate strategies to curb water losses as a result of leakages. The ageing infrastructure is a contributing factor as many municipalities have historically inadequately provided for repairs and maintenance and renewal of water infrastructure. There is now a national initiative underway to encourage consumers to conserve water; and there are several municipalities that have imposed water restrictions. These municipalities have introduced penalty tariffs for non-compliant consumers and they rely on consumer reports and/or complaints to address any non-compliance. Monitoring water consumption is critical and this means reliance on meter reading information to assess consumption patterns or trends and inspections. Municipalities must ensure that any drought penalty tariffs are provided for in their tariff policy to be tabled in March 2017; another option is to incorporate the penalty tariffs in the Inclining Block Tariff (IBT) structure.

5. Funding choices and management issues

The Circular clearly outlines that, as a result of the economic landscape and weak tariff setting, municipalities are under pressure to generate revenue. The ability of customers to pay for services is declining and this means that less revenue will be collected. Therefore municipalities must consider the following when compiling their 2017/18 MTREF budgets:

- improving the effectiveness of revenue management processes and procedures;
- paying special attention to cost containment measures by, amongst other things, controlling unnecessary spending on nice-to-have items and non-essential activities;
- the affordability of providing free basic services to all households; and
- curbing consumption of water and electricity by the indigents to ensure that they do not exceed their allocation.

5.1 Employee related costs

The South African Local Government Bargaining Council entered into a three-year *Salary and Wage Collective Agreement* for the period 01 July 2015 to 30 June 2018. The preparation of the 2017/18 MTREF constitutes implementation of the last year of the agreement which municipalities must implement as follows:

- 2017/18 Financial Year – average CPI (Feb 2016 – Jan 2017) + 1 per cent

The previous years were:

- 2015/16 Financial Year – 7 per cent
- 2016/17 Financial Year – average CPI (Feb 2015 – Jan 2016) + 1 per cent

5.2 Remuneration of councilors

Municipalities are advised to budget for the actual costs approved in accordance with the Government Gazette on the Remuneration of Public Office Bearers Act: Determination of Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance.

6. Conditional Grant Transfers to Municipalities

6.1 Pledging of conditional grants

In terms of the MFMA Circular No.79 and the pledging process outlined in MFMA Circular No. 51, municipalities are required to send the National Treasury a comprehensive pledge request for the implementation of projects to be accelerated. Upon approval of the pledge request a progress report must be submitted to National Treasury and when concluded, a close out report indicating the actual expenditure of the amount received from associated borrowings and the difference between what was planned and what was implemented.

Furthermore, the municipality must submit to National Treasury, a signed council resolution approving the pledge application together with a letter from the relevant national department supporting such application. National Treasury will NOT grant any extensions of the pledge period as this defeats the purpose of accelerating projects that are ready for implementation.

7. The Municipal Budget and Reporting Regulations

National Treasury has released Version 6.1 of Schedule A1 (the Excel Formats) which is aligned to version 6.1 of the mSCOA classification framework which must be used when compiling the 2017/18 MTREF budget. This version incorporates major changes (see Annexure A). Therefore **ALL** municipalities **MUST** use this version for the preparation of their 2017/18 MTREF budget.

National Treasury, together with the provincial treasuries, will undertake a compliance check and, where municipalities have not provided complete budget information, the municipal budgets will be returned to the mayors and municipal managers of the affected municipalities for the necessary corrections. Municipal managers are reminded that the annual budget must be accompanied by a quality certificate and council resolution in accordance with the format specified in item 31 of Schedule A of the Municipal Budget and Reporting Regulations.

The National Treasury would like to emphasise that where municipalities have not adhered to the Municipal Budget and Reporting Regulations, **they will be required to go back to the municipal council and table a complete budget document aligned to the requirement of the Municipal Budget and Reporting Regulations. In addition, where municipalities have adopted an unfunded budget, they will be required to correct the budget to ensure it adopt and implement a funded budget.**

Municipalities with municipal entities are once again reminded to prepare consolidated budgets and in-year monitoring reports for both the parent municipality and its entity or entities. The following must be compiled:

- An annual budget, adjustments budget and monthly financial reports for the parent municipality in the relevant formats;

- An annual budget, adjustments budget and monthly financial reports for the entity in the relevant formats; and
- A consolidated annual budget, adjustments budget and monthly financial reports for the parent municipality and all its municipal entities in the relevant formats.

The A Schedule that the municipality submits to National Treasury must be a consolidated budget for the municipality (plus entities) and the budget of the parent municipality. D schedules must be submitted for each entity.

8. Budget process and submissions for the 2016/17 MTREF

8.1 Budgeting for the cost of Free Basic Services

The basic services component of the equitable share includes funding for the provision of free basic water (six kilolitres per poor household per month), energy (50 kilowatt-hours per month), sanitation and refuse (based on service levels defined by national policy). Municipalities must ensure that the cost of providing free basic services to indigents is captured on table SA9. This will result in the cost being deducted from revenue on table SA1.

Municipalities must further ensure that any subsidies in excess of the limits as provided in the equitable share allocation are not included on table SA9 as cost of providing of free basic services, however should be deducted as revenue foregone on table SA1. The cost of free basic services funded from the equitable share is disclosed on table SA1 while the revenue cost of subsidised services is on table A10. This will allow for comparison of the cost incurred by municipalities in providing free basic services to poor households and the amount received from the national government for this purpose.

The change in the treatment of cost of free basic services indicates that municipalities must not disclose the support to indigents on table SA21 "Transfers and grants". This change will also improve the quality of information on table A10.

8.2 Submitting budget documentation and schedules for 2017/18 MTREF

To facilitate oversight of compliance with the Municipal Budget and Reporting Regulations, accounting officers are reminded that:

- Section 22(b)(i) of the MFMA requires that, ***immediately*** after an annual budget is tabled in a municipal council, it must be submitted to the National Treasury and the relevant provincial treasury in both printed and electronic formats. If the annual budget is tabled to council on 31 March 2017, the final date of submission of the electronic budget documents and corresponding electronic returns is **Monday, 03 April 2017**. The deadline for submission of hard copies including council resolution is **Friday, 7 April 2017**.
- Section 24(3) of the MFMA, read together with regulation 20(1), requires that the approved annual budget must be submitted to both National Treasury and the relevant provincial treasury ***within ten working days*** after the council has approved the annual budget. If the council only approves the annual budget on 30 June 2017, the final date for such a submission is **Friday, 14 July 2017**, otherwise an earlier date applies.

The municipal manager must submit:

- the budget documentation as set out in Schedule A (version 6.1) of the Municipal Budget and Reporting Regulations, including the main Tables (A1 - A10) and ALL the supporting tables (SA1 – SA38) in both printed and electronic formats;

- the draft service delivery and budget implementation plan in both printed and electronic format;
- the draft integrated development plan;
- the council resolution;
- signed Quality Certificate as prescribed in the Municipal Budget and Reporting Regulations; and
- schedules D, E and F specific for the entities.

Municipalities are required to send electronic versions of documents and the A1 schedule to lgdocuments@treasury.gov.za.

If the budget documents are too large to be sent via email (exceeds 4MB) please submit to lgbigfiles@gmail.com. Any problems experienced in this regard can be addressed with Elsabe Rossouw at Elsabe.Rossouw@treasury.gov.za.

Municipalities are required to send printed submissions of their budget documents and council resolution to:

For couriered documents

Ms Linda Kruger
National Treasury
40 Church Square
Pretoria, 0002

For posted documents

Ms Linda Kruger
National Treasury
Private Bag X115
Pretoria, 0001

In addition to the above mentioned budget documentation, metropolitan municipalities must submit the Built Environment Performance Plan (BEPP) tabled in council on 30 May 2017 to Yasmin.coovadia@treasury.gov.za. If the BEPP documents are too large to be sent via email (exceeds 4MB) please submit to yasmin.coovadia@gmail.com or send to Yasmin Coovadia via Dropbox; any problems experienced in this regard can be addressed with Yasmin.Coovadia@treasury.gov.za. Hard copies of the BEPP may be sent to Yasmin Coovadia, National Treasury, 3rd floor 40 Church Square, Pretoria, 0002 or Private Bag X115, Pretoria, 0001.

8.3 Budget reform returns to the Local Government Database for publication

Municipalities are required to continue to use the Budget Reform Returns to upload budget and monthly expenditure to the National Treasury Local Government Database for publication purposes. All returns are to be sent to lgdatabase@treasury.gov.za. Municipalities must submit returns for both the draft budget and the final adopted budget as this will assist the National and provincial treasuries with the annual benchmark process.

In addition, municipalities must submit the mSCOA compliant data strings to the LG Upload Portal. National Treasury will continue with parallel reporting from municipalities until it is satisfied that all municipalities are mSCOA compliant and reporting adequately to support all publications.

The current electronic returns may be downloaded from National Treasury's website at the following link: http://mfma.treasury.gov.za/Return_Forms/Pages/default.aspx.

8.4 Publication of budgets on municipal websites

In terms of section 75 of the MFMA, all municipalities are required to publish their tabled budgets, adopted budgets, annual reports (containing audited annual financial statements) and other relevant information on the municipality's website. This will aid in promoting public accountability and good governance.

All relevant documents mentioned in this circular are available on the National Treasury website, <http://mfma.treasury.gov.za/Pages/Default.aspx>. Municipalities are encouraged to visit it regularly as documents are regularly added / updated on the website.

8.5 Municipal Money and the National Treasury data portal

All municipalities are also reminded that information submitted to the National Treasury, including budget information, is made available to the public via www.municipalmoney.gov.za and an underlying data portal. This initiative was announced by the Minister of Finance in October 2016, and enables direct citizen engagement with the finances of their municipalities on a comparative basis. The information is currently being used regularly and municipalities are reminded that any inaccuracies in their submissions will also be transferred to this website. Municipalities are encouraged to widely advertise this service for citizens in municipal facilities and make available your municipal profiles, when requested by citizens at these facilities.

Introduction

This budget circular is a follow-up to the one issued in December 2016. It guides municipalities with their preparation of the 2017/18 Medium Term Revenue and Expenditure Framework (MTREF) and, as with previous annual budget circulars it should be read within that context. Among the objectives of this circular, is to support municipalities with giving effect to National Treasury's Municipal Budget and Reporting Regulations (MBRR) within the current economic climate. The key focus of this circular is the implementation of municipal Standard Chart of Accounts (*mSCOA*) and the grant allocations as per the 2017 Budget Review.

1. The South African economy and inflation targets

The 2017 Budget Review emphasised that, while the global economic growth outlook has improved, it is clouded by the prevailing policy uncertainty due to the increasing pressure within the world trading system. These factors may jeopardise South Africa's prudent macroeconomic and fiscal policies, which include inflation targeting and a flexible exchange rate, the local economy's ability to adjust to global volatility and the stable investment platform.

GDP growth rate is forecasted to increase by 1.3 per cent in 2017 and to improve moderately over the medium term with to 2 per cent and 2.2 per cent in 2018 and 2019 respectively. This forecast is supported by marginally higher global growth, stabilising commodity prices, greater reliability of the electricity network, more favourable weather conditions, recovering business and consumer confidence, and improved labour relations. The positive trajectory marks a shift from several years of declining growth however; this is still not high enough to markedly reduce unemployment, poverty and inequality.

The unemployment rate was 26.5 per cent in the fourth quarter of 2016. In aggregate mining and manufacturing employment declined by 80 306 jobs in 2016 while the services sector created 119 189 jobs during the same period. The economy continues to create opportunities for semi-skilled and skilled workers, and to shed unskilled jobs, reinforcing poverty and inequality and widening the wage gap.

These economic challenges will continue to pressurise municipal revenue generation and collection levels hence a conservative approach is advised for projecting revenue. Municipalities will have to improve their efforts to limit non-priority spending and to implement stringent cost-containment measures.

The following macro-economic forecasts must be considered when preparing the 2017/18 MTREF municipal budgets.

Table 1: Macroeconomic performance and projections, 2015 - 2019

Fiscal year	2016/17	2017/18	2018/19	2019/20
	Estimate	Forecast		
Consumer Price Inflation (CPI)	6.4%	6.4%	5.7%	5.6%
Real GDP growth	0.5%	1.3%	2.0%	2.2%

Note: the fiscal year referred to is the national fiscal year (April to March) which is more closely aligned to the municipal fiscal year (July to June) than the calendar year inflation.

2. Key focus areas for the 2017/18 budget process

2.1 Local government conditional grants and additional allocations

The *2017 Budget Review* provides for R366.3 billion to be transferred directly to local government and a further R23 billion allocated to indirect grants for the 2017 MTEF. Direct transfers to local government over the medium term account for 9.1 per cent of national government's non-interest expenditure. When adding indirect transfers, the total spending for local government increases to 9.7 per cent of national non-interest expenditure.

Direct transfers to local government grow at an average rate of 8 per cent per annum over the 2017 MTEF. This strong growth in transfers to local government recognises the importance of local government functions and associated rising costs of municipal service delivery. Similarly, minor reductions are made to the larger conditional grants so that funds are prioritised in favour of other government priorities. Grant administrators and municipalities are encouraged to maximise the value derived from spending so that service delivery is not compromised.

Conditional grant funding targets delivery of national government's service delivery priorities. It is imperative that municipalities understand and comply with the conditions stipulated in the Division of Revenue Act (DoRA) in order to access this funding. The equitable share and the sharing of the general fuel levy constitute additional unconditional funding, of which the equitable share is designed to fund the provision of free basic services to disadvantaged communities.

Municipalities are reminded that all allocations included in their budgets must correspond to the allocations listed in the Division of Revenue Bill. All the budget documentation can be accessed from the National Treasury website by clicking on the link below:
<http://ntintranet/documents/national%20budget/2017/>

Changes to local government allocations

- The *local government equitable share* will grow by R3.3 billion over the MTEF period to assist municipalities with the rising costs of providing free basic services. An additional R1 billion will be added in 2018/19 and R2.3 billion in 2019/20 which further grows the 2016 Division of Revenue provision of R1.5 billion in 2017/18 and R3 billion in 2018/19. The formula, which is informed by the 2011 Census data, will be updated over the MTEF with data from the 2016 Community Survey. This data will be phased in over the MTEF period to ensure a smooth transition of the impact on the allocations to municipalities.
- Minor reductions are made to a mix of urban and rural grants, including, the *public transport network grant*, the *water services infrastructure grant*, the *municipal infrastructure grant* and the *urban settlements development grant* so that resources are available to fund other government priorities. In spite of the decreased allocations each of these grants will grow by at least 5 per cent annually over the 2017 MTEF period.
- Funds reprioritised from:
 - the *expanded public works programme integrated grant* to municipalities to fund the expanded mandate of the Commission for Conciliation, Mediation and Arbitration (as the commission will be providing its services to additional sectors);
 - the indirect *integrated national electrification programme (Eskom) grant*, mainly to fund the management of nuclear waste; and

- the indirect *regional bulk infrastructure grant* of which small amounts will be utilised to augment funding for water catchment management agencies.
- There is intent to introduce a new funding model for district municipalities upon completion of the Department of Cooperative Governance's review of their functional role. In 2017/18, adjustments are made to the *RSC/ JSB levies replacement grant* to redistribute funds to the 13 district municipalities currently receiving less than R40 million per year from this grant. The growth rates of the 10 district municipalities with the largest allocations are reduced to fund the increases to the other districts. They will receive two-thirds of their original growth rate in 2017/18 and one-third of their original growth rate in 2018/19.

In the outer year of the MTEF period, the grant increases by 8.8 per cent a year for district municipalities that are authorised to undertake water and sanitation services and 2.9 per cent for district municipalities that are not such authorities. The different rates recognise the various service delivery responsibilities of these district municipalities and the fact that the allocations to unauthorised municipalities have an average growth rate below inflation.

The Department of Cooperative Governance, which administers the *municipal infrastructure grant*, continues to implement measures to strengthen the management and implementation of the grant. Changes to be introduced in 2017/18 include the circulation of:

- a guideline on how to plan, assess and implement refurbishment projects funded by the grant. The rules of the grant were changed in 2015/16 to allow this funding to be utilised for refurbishment however there have not been many projects of this nature since then. The new guideline will clarify the requirements for accessing this refurbishment funding.
- a revised guideline on the use of project management unit funds. Municipalities are allowed to use up to 5 per cent of their allocations from this grant for a project management unit. Grant conditions that require municipalities to submit business plans for their project management units will also allow the Department of Cooperative Governance to ensure that municipalities adhere to the guideline's best practices.

2.2 Municipal Standard Chart of Accounts (*mSCOA*)¹

The *mSCOA* Regulations apply to all municipalities and municipal entities with effect from 1 July 2017.

Technically, for a municipality to be regarded as *mSCOA* compliant on 1 July 2017 it must be able to transact across all the *mSCOA* segments and its core system and all sub-systems (including that of its municipal entities) must seamlessly integrate. Among the lessons learnt from the pilot municipalities, stems the recommendation that a municipality's point of departure for achieving system integration is that it prioritises the maximum integration potential of its core system so that it integrates with the Debtors main sub-system (including cash management and receipting), Payroll and the Assets Management sub-system modules. Furthermore, all municipalities must accommodate seamless integration of the Integrated Development Plan (IDP), Service Delivery and Budget Implementation Plan (SDBIP) and Budget facilities into the core financial system as these documents create a point of departure for the transactional environment come 1 July 2017.

¹ The Minister of Finance promulgated the Municipal Regulations on a Standard Chart of Accounts in government gazette Notice No. 37577 on 22 April 2014.

This means that the compilation of the 2017/18 Medium-Term Budget and Expenditure Framework (MTREF) must be compliant with the *m*SCOA classification framework.

In summary, *m*SCOA compliance in respect of the tabled 2017/18 MTREF and IDP submission means that the data string uploaded to the LG Database portal must meet the following requirements:

- No mapping;
- Correct use of all segments;
- Seamless integration of core system with sub-systems (municipalities must ensure the integration of the Debtors, Payroll and Asset sub-systems); and
- Integrated budgeting facility directly linked to the IDP and SDBIP facilities on the system.

It is imperative that municipalities are familiar with the addendum to MFMA Circular No. 80 which describes what constitutes *m*SCOA compliance by 1 July 2017. National Treasury has a dedicated website to support municipalities with their *m*SCOA readiness efforts.

For more information on *m*SCOA and other benefits of the reform, visit:
<http://mfma.treasury.gov.za/RegulationsandGazettes/MunicipalRegulationsOnAStandardChartOfAccountsFinal/Pages/default.aspx>

2.3 *m*SCOA training for municipal officials

Municipalities are advised not to approach the market to procure services for *m*SCOA training as National Treasury has partnered with the Chartered Institute of Government Finance, Audit and Risk Officers (CIGFARO, previously IMFO) to undertake *m*SCOA training.

3. The revenue budget

National Treasury encourages municipalities to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality. The Consumer Price Index (CPI) inflation has however breached the upper limit of the 3 to 6 per cent target band; therefore municipalities are now required to ***justify all increases in excess of the 6.4 per cent*** projected inflation target in their budget narratives, and pay careful attention to the differential incidence of tariff increases across all consumer groups.

Where revenue collection is not well planned or managed, or where tariffs are not properly set, serious financial problems can arise. Eskom's recent move to cut off power supply to municipalities that have not paid electricity bills is an indication of what can happen when municipalities fail to manage this risk.

3.1 Eskom bulk tariff increases

On the 23rd February 2017, the National Energy Regulator of South Africa (NERSA), issued a media statement saying that Eskom's allowed revenue for 2017/18 would result in a 2.2 per cent increase in the approved bulk tariffs for Eskom that year. NERSA's consultation paper on tariff benchmarking indicates that this will result in a 0.31 per cent increase in bulk tariffs to municipalities (the difference is due to the different financial years of Eskom and municipalities).

This is significantly lower than the 8 per cent tariff increase provided for in the current Multi-Year Price Determination as a result of higher increases approved in preceding years (12.7

per cent for 2015/16 and 9.4 per cent for 2016/17). The statement also says that, “*Nothing prevents Eskom from considering any possible cash flow risks and the implications thereof on its financial sustainability and make an application to NERSA for relief in this regard should it consider it necessary.*” The complete media statement can be accessed at www.nersa.org.za.

Section 42 of the MFMA requires that bulk price increases charged to municipalities by an organ of state must be tabled by 15 March if they are to be effected as from 1 July of the same year, unless the Minister of Finance grants an extension. The Minister of Finance, at the request of the Minister of Public Enterprises, has granted an extension until 5 April 2017 for the tabling of Eskom’s 2017/18 bulk prices for municipalities. Municipalities must ensure that their budgets are informed by Eskom’s bulk tariff to be tabled on that date. In the meantime municipalities are advised to use the NERSA’s guided 0.31 per cent bulk tariff increase when compiling their budgets. This means that any changes to the final bulk tariff increase for 2017/18 to be tabled by Eskom on the 5 April 2017 will have to be factored in at that time.

Municipalities must note that the free basic services subsidy provided for in the local government equitable share were informed by the 8 per cent bulk tariff increase previously approved for the current Multi-Year Price Determination period. The equitable share allocations were tabled on 22 February 2017 in the Division of Revenue Bill, 2017. If a lower electricity bulk tariff is tabled for 2017/18 this will be offset in the calculation of the free basic services subsidy for equitable share allocations for 2018/19. This means that municipalities will have to budget to retain any surplus funds from the higher free basic services subsidy paid in 2017/18 in order to offset the cost of providing free basic electricity in 2018/19.

4. Funding choices and management issues

Municipalities should carefully consider the costs associated with service delivery while keeping in mind affordability and inflation when setting revenue raising measures. Once again, approving tariffs that are less than the associated cost of providing the services will negatively impact the financial sustainability of municipalities.

4.1 Employee related costs

The South African Local Government Bargaining Council entered into a three-year *Salary and Wage Collective Agreement* for the period 01 July 2015 to 30 June 2018. The preparation of the 2017/18 MTREF constitutes implementation of the last year of the agreement which municipalities must implement as follows:

- 2017/18 Financial Year – average CPI (Feb 2016 – Jan 2017) + 1 per cent

The previous years were:

- 2015/16 Financial Year – 7 per cent
- 2016/17 Financial Year – average CPI (Feb 2015 – Jan 2016) + 1 per cent

4.2 Remuneration of councilors

Municipalities are advised to budget for the actual costs approved in accordance with the Government Gazette on the Remuneration of Public Office Bearers Act: Determination of Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance.

5. Conditional Grant Transfers to Municipalities

5.1 Unspent Conditional Grants for 2016/17

In addition to the requirements outlined in the previous MFMA Circulars regarding unspent conditional grants, municipalities must know that the National Treasury uses the pre-audited Annual Financial Statements (AFS) to determine the unspent conditional grants. The decision is made based on the pre-audited AFS. Therefore, there will not be a review of the unspent conditional grants once the audited AFS are available. It is therefore imperative that municipalities ensure that there is completeness in reported figures on the pre-audited AFS.

Following the determination of unspent conditional grants to be surrendered to the National Revenue Fund, where municipalities fail to repay the unspent allocations and will not be able to withstand the impact of the offsetting of unspent allocations from their equitable share in one instalment, municipalities have an opportunity in terms of section 22 (5)(b) (ii) and (iii) to propose an alternative means acceptable to National Treasury by which the unspent allocations will be paid into the National Revenue Fund or to propose an alternative payment schedule (repayment arrangement).

Municipalities who intend to exercise the above option are encouraged to inform the National Treasury within 14 days upon receipt of the letter informing them of the unspent conditional grants to be repaid into the National Revenue Fund. Requests for repayment arrangements following the lapse of the 14 days will not be considered. The repayment arrangement is limited to a maximum of three installments, whereby municipalities can repay unspent allocations into the National Revenue Fund.

6. The Municipal Budget and Reporting Regulations

National Treasury has released Version 6.1 of Schedule A1 (the Excel Formats) which is aligned to version 6.1 of the *mSCOA* classification framework which must be used when compiling the 2017/18 MTREF budget. This version incorporates major changes (see Annexure A). Therefore **ALL** municipalities **MUST** use this version for the preparation of their 2017/18 MTREF budget.

The Municipal Budget and Reporting Regulations, formats and associated guides are available on National Treasury's website at:

National Treasury, together with the provincial treasuries, will undertake a compliance check and, where municipalities have not provided complete budget information, the municipal budgets will be returned to the mayors and municipal managers of the affected municipalities for the necessary corrections. Municipal managers are reminded that the annual budget must be accompanied by a quality certificate and council resolution in accordance with the format specified in item 31 of Schedule A of the Municipal Budget and Reporting Regulations. In addition to the above compliance check, the *m*SCOA data strings will be assessed to determine whether the municipalities are compliant.

The National Treasury herewith emphasises that where municipalities have not adhered to the Municipal Budget and Reporting Regulations, ***they will be required to go back to the municipal council and table a complete budget document aligned to the requirement of the Municipal Budget and Reporting Regulations. In addition, where municipalities have tabled an unfunded budget, they will be required to correct the budget to ensure that a funded budget is adopted and implemented.***

Municipalities with municipal entities are once again reminded to prepare consolidated budgets and in-year monitoring reports for both the parent municipality and its entity or entities. The following must be compiled:

- An annual budget, adjustments budget and monthly financial reports for the parent municipality in the relevant formats;
- An annual budget, adjustments budget and monthly financial reports for the entity in the relevant formats; and
- A consolidated annual budget, adjustments budget and monthly financial reports for the parent municipality and all its municipal entities in the relevant formats.

The A Schedule that the municipality submits to National Treasury must be a consolidated budget for the municipality (plus entities) and the budget of the parent municipality. D schedules must be submitted for each entity.

7. Budget process and submissions for the 2017/18 MTREF

7.1 Budgeting for the audited years on the A schedule (*m*SCOA)

According to international best practices, it is appropriate to reclassify historical information in line with the changes that occur in the Standard Chart of Accounts. However considering our

own circumstances and the technical capability of smaller municipalities, it is proposed that municipalities disclose audited and the current years' (2016/17) information using version 2.8 of the A schedule. In relation to the 2017/18 MTREF municipalities must use version 6.1 of the A schedule. By implication two separate schedules must be submitted.

The amalgamated municipalities must not complete the audited years because they are new institutions that existed after the Local Government elections in August 2016, therefore they do not have the audited figures. As a result of that, there will not be verification of audited years for the pre-amalgamation municipalities. They are required to submit the current year (2016/17) and the 2017/18 MTREF budgets.

7.2 Submitting budget documentation and schedules for 2017/18 MTREF

To facilitate oversight of compliance with the Municipal Budget and Reporting Regulations, accounting officers are reminded that:

- Section 22(b)(i) of the MFMA requires that, ***immediately*** after an annual budget is tabled in a municipal council, it must be submitted to the National Treasury and the relevant provincial treasury in both printed and electronic formats. If the annual budget is tabled to council on 31 March 2017, the final date of submission of the electronic budget documents and corresponding electronic returns is **Monday, 03 April 2017**. This includes the submission of the *mSCOA* data string. The deadline for submission of hard copies including council resolution is **Friday, 7 April 2017**.
- Section 24(3) of the MFMA, read together with regulation 20(1), requires that the approved annual budget must be submitted to both National Treasury and the relevant provincial treasury ***within ten working days*** after the council has approved the annual budget. If the council only approves the annual budget on 30 June 2017, the final date for such a submission is **Friday, 14 July 2017**, otherwise an earlier date applies.

The municipal manager must submit:

- the budget documentation as set out in Schedule A (version 6.1) of the Municipal Budget and Reporting Regulations, including the main Tables (A1 - A10) and ALL the supporting tables (SA1 – SA38) in both printed and electronic formats;
- the draft service delivery and budget implementation plan in both printed and electronic format;
- the draft service delivery standards;
- the draft integrated development plan;
- the council resolution;
- signed Quality Certificate as prescribed in the Municipal Budget and Reporting Regulations;
- schedules D, E and F specific for the entities; and
- the budget locking certificate.

Municipalities are required to send electronic versions of documents and the A1 schedule to lqdocuments@treasury.gov.za.

If the budget documents are too large to be sent via email (exceeds 4MB) please submit to lqbigfiles@gmail.com. Any problems experienced in this regard can be addressed with Elsabe Rossouw at Elsabe.Rossouw@treasury.gov.za.

Municipalities are required to send printed submissions of their budget documents and council resolution to:

For couriered documents

Ms Linda Kruger
National Treasury
40 Church Square
Pretoria, 0002

For posted documents

Ms Linda Kruger
National Treasury
Private Bag X115
Pretoria, 0001

In addition to the above mentioned budget documentation, metropolitan municipalities must submit the Built Environment Performance Plan (BEPP) tabled in council on 31 March 2017 to Yasmin.coovadia@treasury.gov.za. If the BEPP documents are too large to be sent via email (exceeds 4MB) please submit to yasmin.coovadia@gmail.com or send to Yasmin Coovadia via Dropbox; any problems experienced in this regard can be addressed with Yasmin.Coovadia@treasury.gov.za. Hard copies of the BEPP may be sent to Yasmin Coovadia, National Treasury, 3rd floor 40 Church Square, Pretoria, 0002 or Private Bag X115, Pretoria, 0001.

7.3 Budget reform returns to the Local Government Database for publication

Municipalities are required to continue to use the Budget Reform Returns to upload budget and monthly expenditure to the National Treasury Local Government Database for publication purposes. All returns are to be sent to lgdatabase@treasury.gov.za. Municipalities must submit returns for both the tabled budget and the final adopted budget as this will assist the National and provincial treasuries with the annual benchmark process.

In addition, municipalities must submit the *m*SCOA compliant data strings to the LG Upload Portal. National Treasury will continue with parallel reporting from municipalities until it is satisfied that all municipalities are *m*SCOA compliant and reporting adequately to support all publications.

The current electronic returns may be downloaded from National Treasury's website at the following link: http://mfma.treasury.gov.za/Return_Forms/Pages/default.aspx.

7.4 Publication of budgets on municipal websites

In terms of section 75 of the MFMA, all municipalities are required to publish their tabled budgets, adopted budgets, annual reports (containing audited annual financial statements) and other relevant information on the municipality's website. This will aid in promoting public accountability and good governance.

All relevant documents mentioned in this circular are available on the National Treasury website, <http://mfma.treasury.gov.za/Pages/Default.aspx>. Municipalities are encouraged to visit it regularly as documents are regularly added / updated on the website.

7.5 The use of private emails for business purposes

There are municipalities that use private email addresses for business purposes (e.g. Gmail). For the purpose of the implementation of *m*SCOA the Local Government Database requires municipalities to update their contact details and provide official email addresses instead of private. Therefore municipalities must follow the process of ensuring that their Information and Communication Technology infrastructure can accommodate official email addresses. Further requirements will be issued in this regard.

MUNICIPAL BUDGET CIRCULAR FOR THE 2017/18 MTREF

1. PURPOSE

- 1.1 The purpose of this Circular is to brief municipalities on the 2017 Local Government Medium Term Expenditure Committee Process (i.e. LG MTEC) and related matters.

2. BACKGROUND

- 2.1 The Western Cape Provincial Government has institutionalised the 'LG MTEC' process in fulfilment of its obligations under:
 - 2.1.1 Sections 22 and 23 of the Local Government: Municipal Finance Management Act (MFMA), Act No. 56 of 2003; and
 - 2.1.2 Chapter 5 of the Local Government: Municipal Systems Act (Act No. 32 of 2000) [MSA].
- 2.2 The 2017 process will build on the 2016 Integrated Municipal Engagement processes in order to strengthen the alignment between municipal and provincial planning and budgeting and reinforce the theme of municipal sustainability at the advent of the 4th Generation Integrated Development Planning Cycle.

3. AN INTEGRATED APPROACH TO PLANNING AND BUDGETING

- 3.1 The Western Cape Government and municipalities collectively adopted an Integrated Workplan in 2016 to facilitate a more coordinated, integrated and strategic approach to planning, budgeting and implementation. This process has been institutionalised under the auspices of the Provincial Strategic Goal (PSG) 5: Integrated Management Work Group (Work Group 4), which seeks to improve service delivery through improved coordination while creating maximum socio-economic impact.
- 3.2 The Integrated Management approach seeks to ensure that, inter alia, the budgets, programmes and projects of municipalities and provincial and national departments are derived from robust and integrated planning processes, at the heart of which is the development of an Integrated Development Plan (IDP) inclusive of its core components, such as a Spatial Development Framework (SDF). The SDF must direct the spatial location of growth and development within the municipal areas for a period of up to 20 years, and the evidence of the implementation of this spatial vision must be evident in the programmes, projects and budget allocations within the IDP. This golden thread must be clearly and unambiguously evident. It is for this reason that it has been communicated to all municipalities to ensure that the 4th Generation

IDP be approved together with the SDF, and the steps to compile the SDF be followed as per communication previously issued by the Department of Environmental Affairs and Development Planning.

- 3.3 The LG MTEC engagements follow the Strategic Integrated Municipal Engagements that took place during October 2016 and the Technical Integrated Municipal Engagements scheduled during February/March 2017.
- 3.4 The LG MTEC process will thus build on these engagements and continue to focus on the sustainability of municipalities. The key issues that affect municipal sustainability include amongst others:
 - 3.4.1 The constrained economic and fiscal environment impacting on revenue, employment and poverty;
 - 3.4.2 Rising cost pressures affecting in particular input costs related to personnel and bulk purchases;
 - 3.4.3 The prolonged drought affecting both agricultural crops, animal and human life; and
 - 3.4.4 Growing service delivery demands.
- 3.5 In response to these challenges municipalities are encouraged to:
 - 3.5.1 From a risk perspective, adopt a more realistic approach in estimating municipal revenue and tighten poverty relief policies ensuring that the most deserving population are targeted;
 - 3.5.2 Seek and implement efficiencies in processes, systems and operations to contain rising cost pressures and progressively move towards green technology and renewables;
 - 3.5.3 Fast-track service delivery objectives within affordable revenue and expenditure parameters; and
 - 3.5.4 Manage water and electricity losses by amongst others replacing dilapidated infrastructure, fix water leaks, embarking on educational campaigns and implement effective water pricing strategies.

3.6 Water and sanitation increases

- 3.6.1 Municipalities should consider the full cost of rendering water and sanitation services when determining tariffs related to these services.
- 3.6.2 Circular 78 also advised that a pricing strategy be developed to phase in any tariff increases to ensure full cost recovery of the service.
- 3.6.3 Municipalities in arrears with water boards should ensure that their payment arrangements are effected in their 2017/18 MTREF Budgets.
- 3.6.4 To mitigate the need for water tariff increases as a result of the current drought across a large part of the province, municipalities must put in place appropriate strategies to limit water losses to acceptable levels.
- 3.6.5 With regard to the risk associated with water provision, municipalities must include and publish two sets of water tariffs with the approval of the 2017/18 MTREF budget, one set for normal circumstances and another set for emergencies when drought and water shortages are encountered. This should be reflected in the municipal tariff policies and by-laws.
- 3.6.6 Alternative measures should be considered to curb water consumption to address the water shortage by reducing the amount of water to its users and regulate the availability of water during certain time periods.
- 3.6.7 Municipalities are urged to develop a Drought Management Policy that would indicate the actions municipalities should take if water resources fall to and below predetermined levels. Provincial Disaster Management and the Department of Water and Sanitation are willing to assist municipalities to develop these policies. Municipalities that need assistance can contact the Director: Disaster Recovery Services: Ms J Pandaram on **021 937 6306**.

4. **KEY DATES/PROCESSES**

- 4.1 Municipalities are advised to take note of the following key dates/processes:
 - 4.1.1 Municipal Budget Day

According to sections 16(2) and 17(3)(d) of the MFMA, the Mayor of a municipality must table the annual budget at a council meeting at least 90 days (i.e. by 31 March each year) before the start of the budget year. Furthermore, section 25 of the MSA requires that each municipal council must draft an IDP after the start of its elected term which forms the policy framework on which the annual budgets must be based.

Municipalities are kindly requested to indicate any changes to the confirmed tabling dates as per **Appendix A** with the Provincial Treasury as it is crucial for the collection of the budget documentation and the assessment process leading up to the LG MTEC engagements. Municipalities are requested to indicate any changes to the confirmed tabling dates to Tania.Bosser@westerncape.gov.za by **17 March 2017**.

4.1.2 Adoption of Municipal Budgets

According to section 24(1) of the MFMA, the Municipal Council must at least 30 days before the start of the budget year (by 31 May each year) consider approval of the annual budget and any changes to the municipality's IDP. Furthermore, an annual budget must be approved by the Municipal Council before the start of the budget year (1 July each year) in line with section 24(2) of the MFMA. Failure to approve an annual budget by the start of the financial year will result in the Provincial Executive having to intervene in terms of section 139(4) of the Constitution.

4.1.3 Non-compliance with the provisions of Chapter 4 of the MFMA

As per section 27 of the MFMA, the mayor of a municipality must inform the MEC for Finance in writing of any impending non-compliance with the provisions of the MFMA or any other legislation pertaining to the tabling or approval of an annual budget or compulsory consultation processes.

If the impending non-compliance pertains to a time provision, except section 16(1) of the MFMA, the mayor may apply to the MEC for Finance for an extension, which should reach the MEC for Finance in writing by 15 March 2017 in accordance with Schedule G of the Municipal Budget and Reporting Regulations.

5. **NATIONAL AND PROVINCIAL TREASURY GUIDELINES**

- 5.1 Municipalities are advised to include the National and Provincial Treasury Budget Circulars as part of the source documents consulted in the preparation of the 2017/18 MTREF Budget documents and to table it as part of the budget documentation in the Municipal Council.
- 5.2 Municipalities are advised to consult MFMA Circulars 85 and 86 and incorporate the requirements in preparing its budget documentation. The following are highlights and explanatory notes from MFMA Circular 86:

6. CONTENTS OF TABLED BUDGET DOCUMENTS

6.1 When an annual budget is tabled in council by the Mayor it must be accompanied by the documents and information as set out in terms of section 17(3)(a-m) of the MFMA:

6.1.1 The draft Budget Documentation as set out in Schedule A of the Municipal Budget and Reporting Regulations **[Version 6.1]**, including:

- The main tables (A1 - A10); and
- The supporting tables (SA1 - SA38).

6.1.2 Draft Council Resolution.

6.1.3 Draft Integrated Development Plan.

- 6.1.4 Draft Service Delivery and Budget Implementation Plan (SDBIP).
- 6.1.5 Draft Service Level Standards.
- 6.1.6 Signed Quality Certificate as prescribed in the Municipal Budget and Reporting Regulations.
- 6.1.7 Schedules D, E and F specific for the entities.
- 6.2 Municipalities with one or more municipal entity(ies) are also required to produce a **consolidated annual budget** for the parent municipality and all its municipal entities in the prescribed formats.
- 6.3 The Provincial Treasury has previously requested municipalities to submit a draft SDBIP with the tabling of the annual budgets in order to aid the “responsiveness” assessment of the tabled budget and IDP. In this regard, municipalities are reminded of Regulation 14(2) of the MBRR which reads, “When complying with section 68 of the Act (MFMA), the municipal manager must submit the draft municipal service delivery and budget implementation plan to the mayor together with the annual budget to be considered by the mayor for tabling in terms of section 16(2) of the Act”. Furthermore, Regulation 14(4) of the MBRR reads, “For effective planning and implementation of the annual budget, the draft service delivery and budget implementation plan may form part of the budget documentation and be tabled in the municipal council if so recommended by the budget steering committee”.

7. **SUBMISSION OF BUDGET DOCUMENTS**

- 7.1 Section 22(b)(i) of the MFMA requires that immediately after an annual budget is tabled in a municipal council it must be submitted to the National Treasury and the relevant provincial treasury in both printed and electronic formats.
- 7.2 The Western Cape Provincial Treasury requires the budget documents on the tabling date in order to start with the assessment process. In order to facilitate this, the Provincial Treasury will again deploy officials to attend the budget tabling proceedings and collect the tabled budget documentation.
- 7.3 The Chief Financial Officer (or representative) must ensure that a set of these documents is prepared in both hard and electronic copy, except for the budget policies which are only required in electronic copy. The Chief Financial Officer (or representative) needs to co-sign the accompanying checklist (see **Appendix B**) as confirmation that the set of budget documents have been submitted.

- 7.4 **Please ensure that** (as per MFMA Circular 72) **each page of the hard copy of the budget documentation** as set out in Schedule A of the Municipal Budget and Reporting Regulations, including the main Tables (A1 - A10) and all the supporting Tables (SA1 – SA38) and prescribed minimum narrative information that is submitted to Provincial Treasury (and National Treasury) **has been stamped and signed** by the secretariat responsible for ensuring accurate records of council decisions.

8. LG MTEC ENGAGEMENTS

- 8.1 The LG MTEC engagements are proposed to take place from 24 April 2017 to 11 May 2017. The proposed Schedule of the LG MTEC engagements is attached as **Appendix C**.

Municipalities are kindly requested to confirm if the proposed LG MTEC engagement dates are suitable. In setting up the engagement dates we have had to take into account the public holidays over this period. It will be appreciated if you can confirm suitability of the proposed LG MTEC engagement date (together with the tabling date) in writing to Tania.Bosser@westerncape.gov.za by **17 March 2017**. Your timeous feedback in this regard will greatly assist in finalising logistical arrangements and will be appreciated.

- 8.2 The assessment of the tabled budget and IDP will be submitted to the municipality 5 working days prior to the engagements.

- 8.3 The structure of the assessment will be as follows:

SECTION 1: EXECUTIVE SUMMARY

SECTION 2: PREVIOUS UNRESOLVED LG MTEC FINDINGS

SECTION 3: COMPLIANCE REVIEW

SECTION 4: INTEGRATED PLANNING

SECTION 5: ENVIRONMENTAL AND DEVELOPMENT PLANNING ANALYSIS

SECTION 6: ASSESSMENT OF BUDGET RESPONSIVENESS

SECTION 7: CREDIBILITY AND SUSTAINABILITY

SECTION 8: MAIN POINTS AND RISKS/RECOMMENDATIONS

- 8.4 Technical engagements may be set up with the Provincial Government prior to the LG MTEC engagement, depending on the need and where it is logistically possible. It will however be the prerogative of the municipality to make contact with the Provincial Treasury to request such an engagement. Municipalities should note that if such an engagement is requested, it has to take place in Cape Town.

- 8.5 The discussions at the engagements will be pitched at a strategic level. Hence, the representation at the LG MTEC engagements between the Province and municipalities will be as follows:
- The Provincial Government - senior officials from the Provincial Treasury, Department of Local Government, Department of Environmental Affairs and Development Planning, the Department of the Premier and the Economic Development Partnership.
 - Municipalities - Municipal Manager, section 56 Managers, Budget and Treasury officials, IDP Manager/officials and Planning officials.
- 8.6 There will be a joint presentation by Provincial Government on key issues for discussion.
- 8.7 Municipalities will be required to make presentations at the LG MTEC engagements in response to the Provincial Government's budget and IDP assessment. An agenda and guiding template for this presentation will be sent to municipalities prior to the engagements.

9. **CONCLUSION**

The Provincial Government wishes you well with the preparation of your Annual Budget, IDP, SDBIP and related documents and look forward to the LG MTEC engagement with your Municipality.
